250 Watt HPS	\$20.25
400 Watt HPS	\$25.50

TWO PERCENT (2%) PENALTY ADDED EACH MONTH TO UNPAID BALANCE.

NOT RECEIVING BILL DOES NOT INVALIDATE PENALTY.

Service may be disconnected without notice if bill is not paid within ten (10) days after the penalty date. An additional charge of \$15.00 will be made to restore electric service to those premises discontinued service due to non-payment of such charges and rates, as outlined by City Charter.

Energy Optimization Charge

We are required to show the EO charge that customers are required to pay on our customer bills. The City of Gladstone has chosen to currently absorb the Energy Optimization Charge (EO) that appears on utility bills. To accomplish this we reduce the kwh charge on our residential customers by \$.00160 per kwh and our Commercial/Industrial customers have their fixed service charge (meter charge) reduced by \$5.54 per meter. In turn, your bill reflects what the EO charge is based on your classification. Customer is not paying extra on their bill at this current time.
