## 2022 City of Gladstone Performance Dashboard

The two largest revenue sources in the General Fund are property taxes $(\$ 1.7 \mathrm{M})$ and state sources $(\$ 681,959)$. This revenue represents $59 \%$ of all estimated resources to the General Fund Departments. With this amount decreasing from the previous year, it is difficult to maintain the level of services the residents of Gladstone have grown to expect.

The largest expense in the General Fund is Public Safety at $39 \%$. This department is comprised of public safety officers and volunteer firemen. The next largest expense is general government at $24 \%$. This consists of the City Commission, Manager, Clerk, Treasurer, Assessor, Community Development, Elections and city hall expenses. The third largest experise is Parks \& Recreation at 13\%. The City of Gladstone prides itself as the "Year Round Playground." The recreation areas covered are Gladstone Bay Campground, sports park, beach, playgrounds, parks and the trail system.

## Property Tax Revenues

Taxes are levied by the City to fund services that are performed for the combined benefit of residents. There are several variables that affect the growth or decline of the tax revenues including the addition or loss of taxable values and statutory regulations. There are many departments and services that are funded from the property taxes collected. General government, parks \& recreation, public safety, property maintenance/zoning just to name a few.

## State Shared Revenue

The State Revenue Sharing program distributes sales tax collected by the State of Michigan to the local governments as unrestricted revenues. The distribution of funds is authorized by the State Revenue Sharing Act, Public Act 140 of 1971, as amended (MCL 141.901). Sales tax fluctuations vary depending on the strength of the state economy, actual sales tax revenue, and annual appropriation bills for the statutory portion.

## General Fund Revenues and Expenses

The two largest revenue sources in the General Fund are property taxes ( $\$ 1.7 \mathrm{M}$ ) and state sources ( $\$ 681,959$ ). This revenue represents $60 \%$ of all estimated resources to fund the General Fund departments. With these sources remaining constant or slightly increasing after large decreases, it is difficult to maintain the level of services the residents of Gladstone have come to love.

The largest General Fund expense is Public Safety at $40 \%$. This department is comprised of Public Safety Officers and Volunteer Firemen. The second largest expense is General Government ( $24 \%$ ) which is made up by the City Commission, Manger, Clerk, Treasurer, Assessor, Elections and city hall expenses. The third largest expense is Parks \& Recreation (13\%) which Gladstone prides itself as the "Year-Round Playground." The recreation areas covered are Gladstone Bay Campground, Sports Park, beach, playgrounds, parks and the trail system.

## General Fund Revenues and Expenses per Capita

The General Fund is comprised of the City Commission, Manager, Clerk, Treasurer, Assessor, Elections, Community Development, Public Safety, Parks \& Recreation and city hall expenses.

Fulltime employees since 2006 have decreased through attrition. The city continuously works on controlling all of its expenditures including personnel costs.

## General Fund Fund Balance

It is sound practice to maintain a positive fund balance. Having a healthy fund balance allows the City to cope with unforeseen circumstances related to either it's revenue and/or expenditure flows. The City of Gladstone considers having a strong fund balance critical to being able to manage its service delivery during all business cycles.

In 2017, the City Commission adopted a fund balance policy to retain a minimum fund balance level in all funds.

## Millage Rates

Below is a breakdown of how the total tax dollars are allocated for services provided to the community. The general operating millage is unrestricted monies that are used to pay for General Government (City Commission, Manager, Clerk, Treasurer, Assessor, Community Development, Elections and city hall expenses), Public Safety Officers and Volunteer Firemen, Parks \& Recreation, Cemetery and General Public Works.

The City of Gladstone's debt per capita is $\$ 983$ per resident. This is a decrease from 2021. The City issues debt to fund projects or items that were either voter approved, state mandated or are infrastructure improvements. One indicator relative to debt and it's burden is to look at it on a per capita (population related) basis.

The majority of the debt illustrated here is unfunded pension. As a result of P.A. 202, the City negotiated with retirees other post-employment health benefits which brought that liability to $\$ 0$.

- Taxes have a slight increase.
- State Sources have a slight increase.
- Recreation user fees remaining flat.
- Other revenue remaining flat.
- $3 \%$ pay/benefit increase.
- $3 \%$ increase on MERS Defined Benefit required contribution.
- $6 \%$ increase on healthcare premiums.
- No contributions to capital outlay funds or capital outlay expenses.
- Beginning October 1, 2011, local units of government receiving statutory revenue sharing under PA140 had to meet certain requirements to be eligible to receive a percental of total revenue sharing appropriated. This was knows as Economic Vitality Incentive Program or EVIP.
- Beginning October 1, 2012, a new requirement was added to receive this revenue which was to provide a minimum of 2 years budget information. Current year plus the immediately following year's revenue and expenses. The projected $21 / 22$ fiscal year budget is above, based on certain assumptions.
- Now municipalities are required to comply with City, Village and Township Revenue Sharing (CVTRS) which consists of the Citizen's Guide, Performance Dashboard, Debt Service Report and Projected Budget Report.

## Quality of Life \& Economic Strength
